**The ALERT**

The message below is typical of messages sent recently by one or more of the above mentioned RPGAs. There are additional messages also sent that allege PGC is party to identity theft. These messages contain false information that PGC would like to clarify to its members and the public.

Dear Donor,

We have recently sent you an email regarding your account. This has also been sent to you via regular mail. If you do not receive this correspondence please contact us.

We have received several complaints from donors who have received unsolicited correspondence from either Profitable Giving Canada/Alberta and or Justice Trading Limited. These are private entities represented by former independent sales agents who have their own personal agenda. We do not authorize or endorse either of their offerings.

If you have received any such unsolicited email please contact us immediately so that we may take the appropriate action.

Sincerely,

Relief Lending Group Inc.

Profitable Giving Canada has not nor will we ever participate in identity theft or any other illegal or inappropriate behaviour. Our Privacy Policy is public on our website. If anyone does not want to hear from us, please unsubscribe or let us know and we will not contact you again.

Profitable Giving Canada is comprised of members, the vast majority of whom are donors. Our membership has been growing at a tremendous rate. PGC has no commercial agenda and no commercial relationships with Profitable Giving Alberta or Justice Trading Limited, the companies referred to by the RPGAs. PGC has no "offering" other than to promote compliant Profitable Giving in Canada and to regulate the industry from abuse. We also are here to serve and protect our members. The currently serving executive of PGC does have an agenda, but it is not "personal" as indicated above. The agenda is to serve and protect our members. None of the Executive, Directors, or Committee members of PGC receive any compensation for their service.

PGC is of the opinion these accusations are being made as a result of the investigation currently underway.
