

SUBJECT: Beware of Integrated RM Inc.

This ALERT pertains to the following Registered Profitable Gifting Arrangements:

Canadian Organization for International Philanthropy (COIP)
Relief Lending Group (RLG)
Mission Life Financial (MLF)
PharmaGifts International (PGI)

Related Companies:

Integrated Receivables Management Inc (IRMI)
Integrated RM Inc. (IRM)

The ALERT

Many of our Members have received and complained about recent and new collection activities undertaken by the some of the above mentioned companies. A new company, **Integrated RM Inc** (we will refer to them as **IRM**) has apparently been created by the Group under PGC investigation and it is very confusing to most Members.

PGC believes this new Ontario corporation was created in order to facilitate more threatening tactics for the Group's collection efforts. It appears some RPGA donors have received "10 or 20 day deadline" letters, "final demand" emails, and even surprise visits by collections officers at their home. Included is the threat of reporting debtors to the Credit Bureau.

Additionally, most participants in the COIP program have received letters from SunRx, the alleged holder of the PanAggregate debt. A typical letter is shown in Appendix 1. Accompanying this letter, is a letter from the new entity, **Integrated RM Inc**. This letter is shown in Appendix 2. The final document in the package is a statement of account from SunRx shown in Appendix 3. The clients are told they will be in default March 1, 2014 and are given options to send in cash payments to avoid default.

It is Very Important That You Do Not Send Money to any of These Companies.

PGC Analysis and Recommendation

PGC has reviewed the latest collection initiatives from the Group of companies above. Initial results are shown as follows:

Integrated Receivables Management Inc (IRMI) [Website](#)

This company is an Ontario corporation which changed its name to Integrated Receivables Management Inc. on February 1, 2013. From its website, it appears to be an Accounting Services company, but until now it has been acting as the collection agent for the RPGA companies listed above. A corporate profile is contained in Appendix 4. This company is the subject of a previous PGC [Alert A13-12](#)

Integrated RM Inc (IRM) [Website](#)

Integrated RM Inc is a new Ontario corporation. Its corporate profile is shown in Appendix 5. On its website, it claims to be a licenced and bonded collection company with ten years of experience, however the profile shows the company was created on Nov 14, 2013. A search of the Ontario Ministry of Consumer Affairs website for the IRM license registration showed no record. The search results are shown in Appendix 6.

Both of these companies share the same business address on Milner Business Court, Scarborough, Ontario. The letters and statements shown in Appendix 2 and 3 show that cheques can be made payable to either **IRMI** or **IRM**. It is clear to PGC, that this new entity is controlled and/or owned by the Group under investigation. It is extremely unlikely that two corporate names so similar could be registered separately in Ontario without collaboration of the owner(s).

What does this mean? It means that if you choose to settle your debt using either **IRMI** or **IRM**, it will not be done at arm's length. The CRA's position of a sham contract with a partial recourse loan will be proven correct and the tax credits originally obtained will most likely be forfeited. It is the number one priority of PGC to protect its Members' tax credits, and therefore we cannot recommend using **IRMI** or **IRM** for settling donor debts.

Other Factors

PGC has an ongoing investigation into the activities of this Group and is planning another interim report soon. As a result of the new **IRM** initiatives, PGC has included them in the investigation and will be contacting them for response to the questions raised. In the meantime, PGC is issuing this Alert for the information of Members and Subscribers.

PGC Member Recommendation

PGC recommends donors do not use IRMI or IRM to settle their donation debts. PGC recommends Members review the other ALERTS and Technical Bulletins on the PGC website to assist you with your decisions.

PGC wishes to remind Members that your donation debt with these companies is real and enforceable under the proper circumstances. Members should not ignore the debt obligation itself, but make arrangements to settle it when due, or in advance. The donation debt cannot be compliantly settled with IRMI, IRM, or any of the above companies for less than the full face value of the loan. The lower amounts offered by these companies is an indemnification that nullifies the original tax credit. The only debt settlement solution known to PGC that is compliant with tax law is the [Justice Pharma](#) program. PGC has previously endorsed this settlement process.

PGC is also aware that Justice is prepared to legally protect their clients as a group and individually from abusive collection activities from any or all of the above companies.
